

SAN MATEO-FOSTER CITY  
SCHOOL DISTRICT

---

Student Transportation Services  
Addendum #2  
May 30, 2019

Item 1 – Routing Software – Is routing software being utilized currently? If yes, can you advise what brand of routing software?

**Routing Software is currently not being utilized at any of our busses.**

Item 2 - Are any of the current employees members of a bargaining unit, if yes can we be provided with a copy of the collective bargaining agreement?

**Current Employees are not District employees. The Agreement can be requested through a formal Public Request Act, however this will take time.**

Item 3 - Will alternate proposals be accepted that deviate from original specifications?

**See Item 9**

Item 4 – Will alternate bids be accepted that deviate from the original bid specifications?

**See Item 9**

Item 5 - Are any of the current employees members of a bargaining unit, if yes can we be provided with a copy of the collective bargaining agreement?

**Current Employees are not District employees. The Agreement is between the current provider and their employees. You may contact them and request a copy of their agreement.**

Item 6 - Routing Software – Is routing software being utilized currently? If yes, can you advise what brand of routing software?

**Routing Software is currently not being utilized at any of our busses.**

Item 7 - Can you provide the contact information for the high school transportation facility? It's our understanding that First Student currently leases space at this location.

**Dan Dobbins – (650) 558-2440**

Item 8 – Liquidated Damages?

**No liquidated damages have been imposed to date.**

Item 9 - Scope of Work, page 15 – First Paragraph-Responder must include a proposed bus schedule as part of the RFP Proposal? Can you further clarify, per exhibit G, #23, page 8 – The district is responsible for all routing? Clarification –

**Responder will need to submit routing to the District for both Gen Ed. and SPED. Based on the attached Exhibits ( B&C – School Bell Times, and Exhibit D – Current bus routes). If there are efficiencies that can be accomplished, such as combining routes for general education students, then those can be included in the bid.**

- a. Can we be provided with current detailed route data for all regular and special education routes, to include start and end times for all am/pm, mid-day and/or shuttles; bus type required and total daily mileage for both the regular school year and the extended school year?

**Routing Information is already provided in the Exhibits and on the attached Transit Route Sheet. Submit your bid on the proposal as written**

- b. Are monitors and or aides required? If yes how are they billed for? And how many are utilized currently?

**The District utilizes bus aides and they are paid directly by the District.**

- c. Can you identify which routes are operated by district buses and which routes are operated with contractor buses?

**See attached Bus Capacity Sheet. For all Gen. Ed. Routes, four busses highlighted in yellow are owned by the vendor. For SPED routes, eight busses, highlighted in yellow, are owned by the vendor. See attached Sheet.**

Additional information will be provided as they become available.

**Attachments: Transit Route Sheet**
