## 2021 School Accountability Report Card

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at [www.cde.ca.gov/ta/ac/sa/](http://www.cde.ca.gov/ta/ac/sa/)

For more information about the LCFF or the LCAP, see the CDE LCFF web page at [www.cde.ca.gov/fg/aa/lc/](http://www.cde.ca.gov/fg/aa/lc/)

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at [dq.cde.ca.gov/dataquest/](http://dq.cde.ca.gov/dataquest/) that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) [www.caschooldashboard.org/](http://www.caschooldashboard.org/) reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## 2021-22 School Overview

Abbott Middle School opened in 1954 and was named after school board member Pansy Jewett Abbott. Her passion for teaching and education were hallmarks of her career. Abbott is continuing her legacy by "Striving for Excellence," which is the school motto. Abbott's overarching goal for student achievement is that all students will make measurable progress in mastering grade level Common Core State Standards. The school's instructional program emphasizes twenty-first century learning goals including collaboration, creativity, communication and critical thinking. Abbott strives to develop each student's character and citizenship, and to teach students how to live a healthy life and maintain positive relationships with their peers. The school community encourages students to make positive contributions to their communities and to enrich their lives by becoming active participants in their own education as well as volunteering in community service projects. Our elected ASB along with Student Council meet regularly promoting ideas on how to create a more engaging atmosphere. The school encourages and supports active participation of parents and community organizations. With a sharp focus on closing the achievement gap, Abbott remains committed to preparing every student for success by attracting and maintaining competent teachers, allocating appropriate financial resources to ensure efficient and successful accomplishment of the District's mission, providing a safe, nurturing learning environment and by working together.

### A. Conditions of Learning

#### State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

## 2020-21 Teacher Preparation and Placement

<b>Total Teaching Positions</b>	38.1	100.0	532.8	100.0	274759.1	100.0

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

## 2020-21 Teachers Without Credentials and Misassignments (considered “ineffective” under ESSA)

## 2021-22 Quality, Currency, Availability of Textbooks and Other Instructional Materials

### Quality, Currency, Availability of Textbooks and Instructional Materials

The San Mateo-Foster City School District's highest priority is to work together to ensure that every student has access to the California core curriculum through appropriate instructional materials. Pursuant to the settlement of Williams vs. the State of California, all students, including English learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home. Textbooks and supplementary materials are adopted according to a cycle developed by the California Department of Education, making the textbooks used in the school the most current available. Materials approved for use by the State are reviewed by all teachers and a recommendation is made to the School Board by a selection committee composed of teachers and administrators. All recommended materials are available for parent examination at the District Office prior to adoption.

In addition, SMFCSD implemented a supplemental phonemic awareness program, Heggerty in our TK-2 classrooms.

## School Facility Conditions and Planned Improvements

The San Mateo-Foster City School District makes great efforts to ensure that all schools have environments that are clean, safe and functional. The District's Maintenance staff ensures that the repairs necessary to keep schools in good repair and working order are completed in a timely manner, while the Operations staff ensures that the schools are kept clean. A work order process through a program called "Akita Box" is used to ensure efficient service; emergency repairs are given the highest priority. In addition to responding to emergency repairs in a timely manner, the Maintenance Department schedules extra "preventive maintenance" days to catch up on routine repairs and enhancements.

Most District schools, based on enrollment, are staffed with at least one day and one night custodian to provide a clean and hazard-free environment. Some of the larger schools, particularly the middle schools, are staffed with one day custodian and two or three night custodians. Principals, Assistant Principals and District's Maintenance staff work with the custodians to develop cleaning schedules to ensure clean and safe schools. The custodial staff follows the District's cleaning standards, which are available at the District Office and have been expanded this year to address the additional cleaning standards needed to prevent the spread of COVID-19. In addition, the District uses a facility survey instrument developed by the State of California's Office of Public School Construction to evaluate the conditions of each school's facility. This evaluation is completed annually for each site. The inspections below were performed during the month of December 2021 to determine the school facilities' repair status.

Recent efforts to address non-routine needs include the passage by the voters of Measure X in 2015--a \$142 million dollar bond to provide the facilities needed for increased and increasing enrollments in the District. Under Phase I of Measure X, Abbott and Borel Middle Schools have new classrooms (completed in late summer 2020) and new gyms/locker rooms (completed Summer 2021) and Bayside Academy has a new gym and locker rooms which were completed in October 2020. The fourth Phase I project is the addition of a new school, Beach Park Elementary, in Foster City which was completed in Spring 2021. Measure X Phase II work began last summer with architectural design work well underway for new multipurpose buildings at George Hall and Sunnybrae Elementary Schools and new science and drama buildings at Bowditch Middle School. Community input for program planning is ongoing for the North Central School.

In July 2020, the Board of Trustees adopted the Facilities Master Plan for the New Decade. The Plan includes facility upgrades to provide a healthy environment for staff and students especially needed with the new realities of increased heat, wildfires and the pandemic; needed new facilities at some sites; and infrastructure improvements such as plumbing and electrical systems. The voters approved a bond measure, Measure T in November 2020 authorizing \$409 million to implement the Immediate Priorities identified in the Facilities Master Plan for the New Decade. The first round of projects of Measure T include new Multi Purpose Rooms at four elementary schools, HVAC addition or replacement at 15 schools, grass replaced with synthetic turf at 12 schools and new drinking fountains with water bottle fillers District Wide.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

#### SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

#### Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

## CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative testing suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

For any 2020-2021 data cells with N/T values indicate that this school did not test students using the CAASPP Science.

## B. Pupil Outcomes

### State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

#### 2020-21 California Physical Fitness Test Results

Due to the COVID-19 crisis, the Physical Fitness Test was suspended during the 2020-2021 school year and therefore no data are reported and each cell in this table is populated with "N/A."

Abbott has a very active PTA which meets monthly and supports teachers, students, parents and school programs. Abbott also has a School Site Council (SSC) consisting of twelve members that includes teachers, parents, staff and students. Quarterly meetings of the English Language Advisory Committee (ELAC) are held with parents of English Language Learners. These are held virtually to ensure everyone's safety during the ongoing COVID-19 Pandemic.

Many Abbott parents are invited and participate in other school activities, serving as volunteers at COVID testing drives, facilitators of school-wide events such as our annual Book Fair, and sponsors of parent education events. Abbott communicates with students, parents and staff through its daily student bulletins, weekly staff bulletins/faculty meetings, bi-monthly parent bulletins, SchoolLoop and via its newly redesigned school website.

### State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

## Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2018-19	School 2020-21	District 2018-19	District 2020-21	State 2018-19	State 2020-21

<b>Expulsions</b>	0.00	0.00	0.00	0.00	0.08	0.00

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

## 2021-22 School Safety Plan

The San Mateo-Foster City District Handbook, updated each school year, contains the “Guiding Principles for All SMFCSD School Communities” aimed at creating a safe and caring school community where all students and families feel welcomed, valued and respected. These Guiding Principles (respect, responsibility, appreciation of differences, honesty, safety and life-long learning) communicate the expectations for behavior to students, parents, teachers and administrators and are updated and reviewed yearly. The rules were developed to be consistent with State Education Code, policies of the San Mateo-Foster City School District Board of Trustees and the School District's Strategic Plan.

Comprehensive School Safety Plans, developed individually for each school in conjunction with the San Mateo County Office of Education and City Services, include disaster preparedness and emergency procedures. The School Safety Plans provide role responsibility guidelines and processes required to address major emergencies. Annually, the District utilizes the services of School Innovations & Achievement to review each school's Safety Plan to determine if all required components are included and to offer feedback and suggestions.

California Education Code Section 32280 requires school fire evacuation drills, as well as one law enforcement lockdown drill, and the District organizes two District-wide drills each year, using different scenarios that test the Big Five Safety Protocols (Shelter in Place, Secure Campus, Drop, Cover and Hold On, Lockdown/Barricade and Evacuation). These drills involve a District Command Center for communication with each school/program site and full emergency set-up. As a District collaborating with San Mateo County and the San Mateo County Office of Education, we participate yearly in Big Five training for staff.

## 2018-19 Secondary Average Class Size and Class Size Distribution

This table displays the 2018-19 average class size and class size distribution. The columns titled “Number of Classes” indicates how many classes fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

Subject	Average Class Size	Number of Classes with 1-22 Students	Number of Classes with 23-32 Students	Number of Classes with 33+ Students
English Language Arts	25	3	28	
Mathematics	27	2	18

## Professional Development

### Professional Development – 2019-2022

The San Mateo-Foster City School District is committed to providing quality professional development opportunities for all staff. Training is available through three professional development days, and other scheduled release times during the school year and during the summer. Our primary focus for professional development is aligning instruction to meet the California State Standards and the implementation of our adopted instructional materials and district assessment cycles. Professional learning opportunities integrate content development and research-based instructional and assessment practices to meet the needs of all learners, especially English Learners, Students with Disabilities and students from economically struggling families (SED). Professional Development in SMFCSD is grounded in the California State Standards and the research from the California State Adopted Content Frameworks. Elementary teachers have the opportunity for training in language and literacy, science and mathematics. Middle School teachers receive subject specific professional development on the California Standards and strategies to support conceptual understanding and improve student learning.

Teachers engage in a variety of Professional Development structures including site or department specific PD, teacher learning communities within and across sites, and in departments or grade levels - both in large and small groups. Following current Health & Safety guidelines, many trainings were held virtually, and we found an increase in participation as well as more cross-site collaboration. Beginning teachers receive professional development through our District-based Induction program. Veteran teachers can participate in a Peer Assistance Review (PAR) program for individual support.

This table displays the number of school days dedicated to staff development and continuous improvement.

## San Mateo-Foster City School District 2020-21 Local Accountability Report Card (LARC) Addendum

### Local Accountability Report Card (LARC) Addendum

#### 2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
