2020-2021 BUDGET

General Fund Highlights

JUNE 4, 2020

At the regularly scheduled Board meeting on May 21, 2020, our District reviewed the assumptions that we have utilized to develop the 2020-2021 general fund budget. Since our May 21 meeting, our District has received clarification pertaining to the LCFF funding calculator, and we have incorporated this information into the budget.

As of the printing of this document, May 29, 2020, the District has been advised that the California State Senate has rejected Governor Newsom's proposal to reduce funding to the LCFF. We anticipate that there will be an August budget revise, and there may be a modification to the State budget prior to the June 15 deadline for the legislature.

Revenues

Revenue adjustments included in the budget associated with the Governor's May revise include a 10% reduction to the District's minimum state aid for a decrease of (\$782,000) in funding. The budget also reflects an increase in special ed funding to \$645 per ADA. The budget does not reflect additional anticipated CARES act funding as of yet as this amount needs to be applied for. There has been speculation that all "Community Funded" districts may experience a larger reduction in funding to their minimum state aid, or may see the elimination of this funding completely. Current minimum state aid the District receives is approximately \$7.8 million.

Expenditures

Our budget includes the following expenditure adjustments:

• Increases in FTEs associated with: unfilled positions in 2019-2020, the Special Ed Audit, the New School in Foster City, and additional Counselors funded by Measure V.

- Step and Column Increases for All Employee Groups
- 3% Raises for the 2020-2021 school year as negotiated or conferred
- Statutory Benefit Increases

• Decreases in Books and Supplies purchases primarily associated with decrease in one time funds in 2019-2020

• Decreases in Contracted Services associated with: decrease in Title fund carryover, lottery carryover, Special Ed decreases in classified salaries and benefits, and a decrease in planned expenditures associated with donations (*these will be booked at first interim after receipt of donations*).

The budget does not yet reflect a decrease in LCFF Supplemental Expenditures, which equate to \$782,000, which will be included in the first interim budget if the reductions to the LCFF stand. The reduction in supplemental expenditures will result in a decrease in the multi year deficit in each of the three years.

Fund Balances

The fund balances for the adopted budget reflect a decrease in fund balances as compared to the 19-20 second interim report. The decreases in fund balances are associated with the additional FTEs we have added to the budget, the decrease in forecasted property taxes and reduction in minimum state aid. The additional expenditures associated with FTEs, and the loss of revenues associated with property taxes and minimum state aid are reflected as recurring. These recurring changes result in a decrease in our reserves, and a decrease in the Assigned portion of our reserve. The assigned reserve balances are documented in the Balances in Excess of Minimum Reserves document.

Multi Year Projection

The multi-year projection budget reflects a deficit in each of the three fiscal years but maintains a balanced budget in each of the three years.

June 6, 2020 Board Budget Workshop

The District will be providing the Board with information to consider if the District experiences the complete elimination of our minimum state aid.

DATA ENTRY: Enter an explanation if the standard is not met.

1a. STANDARD MET - Projected P-2 ADA to enrollment ratio has not exceeded the standard for the budget and two subsequent fiscal years.

4. CRITERION: LCFF Revenue

STANDARD: Projected local control funding formula (LCFF) revenue for any of the budget year or two subsequent fiscal years has not changed from the prior fiscal year by more than the change in population, plus the district's gap funding or cost-of-living adjustment (COLA)¹ and its economic recovery target payment, plus or minus one percent.

For basic aid districts, projected LCFF revenue has not changed from the prior fiscal year by more than the percent change in property tax revenues plus or minus one percent.

For districts funded by necessary small school formulas, projected LCFF revenue has not changed from the prior fiscal year amount by more than the district's gap funding or COLA¹ and its economic recovery target payment, plus or minus one percent.

¹ Districts that are already at or above their LCFF target funding as described in Education Code Section 42238.03(d) receive no gap funding. These districts have a COLA applied to their LCFF target, but their year-over-year revenue increase might be less than the statutory COLA due to certain local factors and components of the funding formula.
